New look is just the beginning for Your Discount Chemist

After significant renovations, Your Discount Chemist has opened to reveal longer trading hours, thousands more products and regular weekly specials. The store is now open 7 days a week from 8.30am Monday to Friday, Saturdays from 9am to 3pm and from 9am to 1pm on Sundays. Your Discount Chemist is located on the corner of High and Lawes Sts, East Maitland.

BIGGER AND BETTER: The Khodary brothers at the new East Maitland Your Discount Chemist store.

More on the floor

THE chances are you've already spotted the new-look Your Discount Chemist in East Maitland, freshly painted in its eye-catching colours, the store has undergone extensive renovations of late, increasing floor space, products and services to the East Maitland community and beyond.

The East Maitland store is the eleventh for owners Said and Fawaz Khodary and the second store they now operate

in the Hunter, alongside the Kurri Kurri store.

Expanding the number of stores means that the Khodary brothers are able to continue to leverage strong buying power and pass on the lowest everyday prices possible directly to their customers.

And now with triple the floor space, customers can enjoy a huge range of products including some of the leading brands in cosmetics,

over 500 perfumes, more than 20 different brands of vitamins and supplements and a soon to be launched compounding chemist.

There's even a pet health-care range to cater for all your pet needs from worming tablets to flea and tick treatments at fantastic prices.

"We have over 10,000 products in store at East Maitland," commented Said Khodary,

"With the floor space now

just over 700m2 we've made sure to make the best use of every inch of it, giving customers access to some of the leading brands at the lowest prices."

The Khodary brothers have been operating for over 17 years along the Mid-North Coast and feel their long-held experience as pharmacists and retail operators keeps them up to date with customer needs.

With a broad range of baby

care, personal care items, weight loss products and access to flu shots or blood pressure testing, the team at Your Discount Chemist is able to cater to the needs of every family member and prides itself on providing friendly, knowledgeable service.

"Our promise isn't just to provide the best possible prices, it's to ensure we do so with the best customer service possible.

"Our team includes many of the old faces our local customers have got to know over the last thirty years or so under the previous owners, along with some new team members ready to help our customers out.

"We are really delighted to be able to assist the local community with their health needs and look forward to looking after all the residents of East Maitland for many years to come."
